

EXHIBITOR INFORMATION

Sustainability Summit

A N D E X P O S I T I O N

Collaborate, Innovate, Transform

April 13-14, 2016

Potawatomi Hotel & Casino

The Sustainability Summit and Exposition invites all exhibitors to promote and showcase their products and services to Wisconsin's energy industry leaders.

Exhibitor Benefits Include

- Free Summit registrations
- Opening day reception in Exposition Hall where exhibitors can network and cultivate industry contacts
- Connecting with educators and students eager to learn about your career opportunities
- Recognition in the Summit online and printed program with hyperlink to your website on the exhibit booth floor plan at www.sustainabilitysummit.us

How to Become an Exhibitor:

Complete your Exhibitor Registration and make the appropriate payment either online at www.sustainabilitysummit.us/ExhibitorApplication or by email/U.S. mail with the form found on page 4.

For any questions, contact Bill Quirnbach at bquirnbach@sustainabilitysummit.us or 414-943-2455.

“Excellent opportunities to network with other exhibitors, attendees and experts in all renewable energy technologies.”

— Ed Blume, RENEW Wisconsin, exhibitor

New Horizons

Dear Colleague,

We invite you to exhibit at the 13th Annual Sustainability Summit & Exposition, April 13-14, 2016 at the Potawatomi Hotel and Casino in Milwaukee, Wisconsin. The 2016 Summit theme is *"Smart is Sustainable: Collaborate, Innovate, Transform."*

Along with outstanding speakers and invigorating small-group sessions, the 2016 Summit has been re-designed so that the entire event for 2016 is committed to focused programming for business and civic leaders. In addition, the exhibit hall itself will tell the story of sustainability and focus on your company's/organization's role in helping to make this planet sustainable for now and future generations. Please view our program on the Summit website, <http://sustainabilitysummit.us>.

When you join us on the exhibit floor, you promote your company's products and services to today's and tomorrow's leaders in sustainability. We are inviting manufacturers, suppliers, installers, business owners, educators, and policy makers in the industry to participate in the 2016 Summit and Exhibition.

We have dedicated a large portion of the Summit agenda to spending time in the exhibit areas including refreshment breaks and a reception in the exhibit areas. Each exhibitor receives two Exhibitor Registrations for your staff, which includes all sessions of the Summit. Exhibitors are also invited to do demos in their booths during breaks.

To learn more about the Summit and exhibitor registration, please visit <http://sustainabilitysummit.us>. At our website – Exhibits page you can check available booth spaces, fee structure, and learn about sponsors and partners that have already reserved their place on the show floor. You may register online, or may mail in a hard copy registration with your payment. A written confirmation will be issued to all exhibitors by mid-March 2016 and your primary contact will receive a request via email to complete booth staff registration, and quick confirmation of your booth assignment.

We are also encouraging Exhibitors to do demonstrations or otherwise actively promote their products and services in their booth. We may also create a special demo area for Exhibitors who want a longer period or have special needs. Please mark your Exhibitor Registration on the appropriate line if you intend to offer demos during the breaks and networking periods.

We also invite you to consider becoming a sponsor or presenter. Please visit our website to learn more about these opportunities, or contact me directly.

Sincerely,

Bill Quirnbach, Consultant
Exhibition and Logistics Chair
